

22nd Annual Symposium of the Finnish Society of Physical Pharmacy

– Development and characterization of
solid dosage forms

February 10th, 2011 – Hotel Savonia, Kuopio, Finland

The symposium attracts annually 60–100 participants from academia, industry and regulatory authorities interested in the latest developments in the field of physical pharmacy. The programme includes talks, poster session and a banquet. The theme of the 2011 annual symposium will focus on the development and characterization of solid dosage forms.
